Scaling open source projects

- Progress takes time
- Start with one problem & one user
- Be consistent
- Engage & promote
- Get help & feedbacks

Monetizing open source projects

1. Sponsorships and donations 
2. Self-hosted instances
3. Educating users
4. Paid features
5. Investors

Open source developer tools

- Open source under the hood
- Solve an individual problem
- Build an enterprise solution
- Monetize
- Scale
